

Will It Float or Sink?

Grade 2 · Science · Float and sink predictions

Name: _____

Date: _____

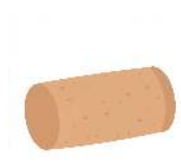

Look at each object. Circle FLOAT or SINK to show what you think will happen. Then test it in a bowl of water and see if you were right.

Apple

1. My prediction, circle one: FLOAT / SINK

Cork

2. My prediction, circle one: FLOAT / SINK

Coin

3. My prediction, circle one: FLOAT / SINK

Stone

4. My prediction, circle one: FLOAT / SINK

Leaf

5. My prediction, circle one: FLOAT / SINK

Metal spoon

6. My prediction, circle one: FLOAT / SINK

Rubber duck

7. My prediction, circle one: FLOAT / SINK

Grape

8. My prediction, circle one: FLOAT / SINK

What really happened?

Fill a bowl with water. Test one object at a time. Write F for float or S for sink.

1. Apple
2. Cork
3. Coin
4. Stone
5. Leaf
6. Metal spoon
7. Rubber duck
8. Grape

Your turn

Think of one more object from your classroom. Draw it in the water and show what it does.

Draw your object in the water

Answers

For the teacher
